Install/ Onsite Service	\$ 288.00	\$432.00	\$576.00	\$ 864.00

- The total cost for a rendered service will be estimated and delivered to the customer before those services are performed. The estimated cost is not final nor guaranteed.
- Unless specific terms have been negotiated, invoices are due upon receipt.

**Travel Rates:**

- All travel expenses will be billed to the customer. These expenses include but are not limited to: airfare, car rentals, public transportation, parking and tolls.
- The mileage rate for a personal vehicle is billed at \$0.65/mile or the most recent IRS listed rate, whichever is higher.
- Lodging is billed at cost.
- Meals costs are billed at \$64/day per person or the most recent IRS listed rate, whichever is higher.

- Travel expenses will be invoiced with the rendered services.

**Installation:**

Installation shall consist of CMC representatives arriving at Buyer's facility to install, test, and de-bug a new CMC product. CMC representative may physically perform the actions of: placing CMC equipment, modifying CMC equipment (if necessary), operating CMC equipment controls, manipulating built-in CMC equipment adjustments, etc.

**Installation Supervision:**

Installation Supervision shall consist of CMC representatives arriving at Buyer's facility to oversee and direct the installation of a new CMC product. CMC representatives will perform minimal or no physical operations but will instead direct and advise Buyer's agents in the necessary process of installing the equipment.

**Service Work:**

Service Work will consist of a CMC representative arriving at Buyer's facility to perform non-warranty maintenance, repairs, or adjustments to a CMC product.

**Buyer's Responsibilities:**

It is understood and agreed that the Buyer's (owner's) responsibilities during Installation and Service Work include:

- Utility connections readied prior to Installation or Service Work.
- All tools and rigging equipment are at site for exclusive use on these projects.
- Free and easy access for all CMC representatives to work site.
- All necessary permits and authority for work.
- At least one (1) full time helper approved by the seller.
- Products and materials for startup and testing
